I do not quite understand the Agent's views as to how it is proposed to place at the disposal of a Syndicate all information collected regarding the prospects for the development of a problem in any of the State and the Syndicate is likely to flood a company if these areas are reserved then the Syndicate will naturally expect the benefit of the reservation. It is not proposed I believe that the Dept should carry on further investigations in respect of these deposits but in these cases it seems to me that the reservation may be over till the new Company or Syndicate the Govt Dept may be informed that it is open to the Govt Dept

1st November

Mr Lumsden

This Govt 4 The object of the reservation is obviously to prevent interlopers forestalling the Syndicate by taking up this area. It seems

better to reserve the area by notification as usual instead of asking the Dept of Geology not to grant licences without consulting us & the Dept Instructions of the latter kind are apt to be overlooked by mistake or otherwise until too late, & will in any case only multiply correspondence

5 With or without reservation by Govt the Syndicate formed under the aegis of the Govt will naturally expect concessions in the shape of the grant of the pick of the Kaolin areas & reservation will not much affect the position ~~of the~~ to the prejudice of Govt On the other hand Govt can exercise better control by the imposition of suitable terms over the disposal of reserved areas.

FROM

V. RANGASAWMY IYENGAR, ESQ., B.C.E.,
Director of Industries and Commerce in My...,
Bangalore (India.)

To

The Secretary to the Government of Mysore,
Departments of Education and Agriculture,
Bangalore.

SIR

I have the honour to enclose herein a sketch showing 4 square miles of land in Chitaldrug District wherein the Industrial Geologist has located valuable deposits of fine clays suitable for porcelain industry. To secure this area, for the scheme, which is under contemplation, and prevent the work of the department being taken advantage of by outsiders applying for prospecting licenses over the area, and facilitate further work being carried on, I request that you will obtain Government sanction for reserving this area for the work of the Department of Industries and Commerce for a period of two years. This reservation is on the same lines as that for the kaolin areas in Bangalore, Hoskote and Anekal Taluks.

I have the honour to be,
Sir,
r most obedient servant,

DIRECTOR.
